

Baby Sensory Summer Newsletter

Baby Sensory Reward Scheme

If you tell someone about baby sensory and they join one of my classes for 5 or more sessions then you will get 10% discount on your next block of classes.

Baby Sensory Shop.

Many activities at baby sensory can be re-created at home and the baby sensory shop aims to help you re-create your babies most enjoyable moments in class. You can pick up a catalogue from Lisa at your next class.

Birthday Parties. If you are thinking of something to do for your baby or toddlers birthday, then why not have a Baby Sensory or Toddler Sense party?

Toddler sense is coming to your area, late 2010!

Toddler Sense introduces a whole new world of adventure for toddlers and children up to the age of three years. Great music, great equipment and great new ideas! Imagine climbing a snow mountain, going on safari, digging for fossils, swimming with dolphins and hunting for dinosaurs? Every week introduces a whole new adventure.

The main emphasis is on mobility, excitement and adventure. It is a fast-moving, action-packed programme. Toddler Sense is very different to Baby Sensory, but equally addictive.

The age range is from 13 months to three years and is split into two groups; 13 - 18 months and 18 months to 3 years. To book your £3.00 trial session please contact Lisa on 07732887762 or 01698 307030
